Mother's Day

Mother's Day is a celebration honoring the mother of the family or individual, as well as motherhood, maternal bonds, and the influence of mothers in society. It is celebrated on different days in many parts of the world, most commonly in the months of March or May.

Mother's Day is an annual holiday celebrated in the United States on the second Sunday in May. Mother's Day recognizes mothers, motherhood and maternal bonds in general, as well as the positive contributions that they make to their families and society.

In Poland there is a fixed date for Mother's Day – 26 May every year since 1914, when it was first celebrated in Kraków.

George Eliot

Happy Mother's Day!

Hi there!

My name is Betty, I'm 11 years old and I live in Raleigh, North Carolina. I have a brother called Jim. He is 15 and he can be very bossy sometimes!

Next Sunday (second Sunday in May) is Mother's Day so we have prepared a surprise for our Mom. She is the best Mom in the world. She has always been there for us so we really need to thank her for all the things she does for us. I made some chocolate cookies, drawing my Mom's face on them. Jim painted a giant Mother's Day card and we wrote a poem as well to say how much we love and care for her. Last thing, we have prepared a funny bouquet of photo flowers cutting flower shapes out of construction paper and gluing our photo to the center of the flowers. This is really original and I'm sure Mom will love it! She doesn't like luxury gifts so I think that is the perfect present!

Don't forget to greet your Mom a Happy Mother's Day!

On the second Sunday in May, American children of all ages treat their mothers to something special. It is the day when children, young and old, try to show, in a tangible way, how much they appreciate their mothers, or those who have served as mother figures in their lives.

England was one of the first countries to set aside a day to recognize mothers. In the eighteenth century, when many people worked as household servants for the rich, “Mothering Sunday” was reserved for them to return home to be with their mothers. Though this custom changed when the Industrial Revolution altered people’s working and living patterns, mothers in England are still honored with a special day in March.

In the United States, the idea of Mother’s Day was first introduced in 1872 by Julia Ward Howe, a famous writer and social reformer of the time. However, the establishment of an official day to honor mothers was due largely to the perseverance and love of one daughter, Anna Jarvis. Anna’s mother had provided strength and support as the family made their home in West Virginia and then Philadelphia, Pennsylvania, where Anna’s father served as a minister. As a girl, Anna had helped her mother take care of her garden, filled mostly with white carnations, her mother’s favorite flower. When Mrs. Jarvis died on May 5, 1905, Anna was determined to honor her. She asked the minister at her former church in West Virginia to give a sermon in her mother’s memory. On the same Sunday, their minister in Philadelphia also honored Mrs. Jarvis, and all mothers, with a special Mother’s Day service. Anna Jarvis began writing to members of congress, asking them to set aside a day to honor mothers. In 1910, the governor of West Virginia proclaimed the second Sunday in May as Mother’s Day. A year later, every state was celebrating it, and in 1914 President Woodrow Wilson declared the first national Mother’s Day.

On Mother’s Day tradition of serving their their mothers gifts that Adults also give their

morning, some American children follow the mothers breakfast in bed. Other children will give they have made themselves or bought in stores. mothers cards, gifts, and flowers—often red carnations, the official Mother’s Day flower. If their mothers are deceased, they may bring white carnations or other flowers to their gravesites. Mother’s Day is the busiest day of the year for American restaurants. On her special day, family members do not want Mom to have to cook dinner!

Children's Day

Children's Day is a commemorative date celebrated annually in honor of children, whose date of observance varies by country. In 1925, International Children's Day was first proclaimed in Geneva during the World Conference on Child Welfare. Since 1950, it is celebrated *on June 1* in most Communist and post-Communist countries.

Children's Day

On this year's Children's Day, the students of year 6 of No. 1 First School in GuangZhou go to the zoo. They go to Pan Yu Zoo. They watch the animal show. There are many animals in the show.

There are two black and white pandas on a swing. On the swing they love to swing back and forward.

A brown bear rides a bicycle. The brown bear wears a red dress. The students clap.

Then the lion and tiger come in. A man puts his head in the lion's mouth. The man is very brave. The tiger jumps through a hoop. The tiger jumps very high. The students clap and cheer.

At last, the monkeys appear. One monkey is on a scooter, he wears blue trousers and a yellow shirt. Two monkeys ride bicycles. One monkey rides fast while the other rides slow. Three monkeys ride a small horse. All the monkeys eat bananas. The students laugh.

Finally, a big, grey elephant comes slowly in. It drinks a lot of water from a yellow bucket then it blows the water all over the students. The students are wet but they laugh. This is great fun.

The students enjoy the animal show at Pan Yu Zoo on Children's Day because the zoo is better than school!
